**Note:** The following is an excerpt from the actual document. It is provided here as a convenience and is not authoritative. Refer to the original document as the authoritative reference.

## Scope

*This specification defines the mapping of OMG Interface Definition Language v4 to the C# programming language [ECMA-334]. The language mapping covers all of the IDL constructs in the current Interface Definition Language specification [OMG-IDL4]. The language mapping makes use of C# language features as appropriate and natural.*
