Main Product URL	https://www.kongsberg.com/kda/products/defence-and-security/c4isr/intercom-dds/
Company Overview	Kongsberg is a leading global technology group, delivering mission-critical solutions to customers operating in extremely challenging environments. Throughout our proud two hundred year history, we have continuously advanced, applying innovative solutions to the needs of our customers, partners and society at large.
Product Category	Distributed-Data
Product/Service Description	InterCOM DDS is a middleware library designed to easily facilitate communications between multiple different systems and sensors, using the open data_distribution_service_dds standard. InterCOM DDS provides high performance, distributed data messaging services for applications and hardware requiring a real-time open architecture or service-oriented architecture. InterCOM DDS supports a variety of API-languages and deployment platforms, and strives to meet the strict requirements of defense industry software systems.
