

# Open Platform Communication Unified Architecture (OPC-UA)

[Return to Glossary](#)

- **[nick]Glossary 'O': Please Review**

**OPC Unified Architecture** (OPC-UA) is an information exchange standard for Industrial Automation and related systems created by the OPC Foundation. The [opc UA](#) standard provides an Addressing and Information Model for Data Access, Alarms, and Service invocation layered over multiple transport-level protocols such as Binary [tcp](#) and Web-Services.
