## Webcasts

There are a series of webcasts <sup>1)</sup> available on the BrightTALK channel <sup>2)</sup> :

- [Introduction to DDS and Key Abstractions](#)
- [Applying DDS QoS to Solve Real World Problems](#)
- [Using DDS to Secure Data Communications](#)
- [Designing a Distributed Application Using DDS QoS](#)
- [What is the Best Connectivity Solution for Your IIoT Systems?](#)
- [Revoltuinizing Data Distribution with an Open and Secure DDS](#)

<sup>1)</sup>

The word 'webinar' is a blend of 'web' and 'seminar'. A webinar is an event held on the internet which is attended exclusively by an online audience. This distinguishes it from a webcast, which also includes the presence of a physical audience. Other terms used as alternatives for webinar are web event, online seminar, webcast, web lecture and virtual event. Source: [What is a webinar](#)

<sup>2)</sup>

BrightTALK is a technology media company that provides professional webinar and video solutions to a variety of industries. Headquartered in San Francisco, BrightTALK also has offices in New York.
