

# Open Data Commons

[return to the de facto Standards area](#)

*Open Data Commons is the home of a set of legal tools and licenses to help you publish, provide and use open data.*

*Learn more about how to apply the licenses to your material:*

- [Open Data Common Licenses](#)
- [Open Data Common Resources and Tools](#)

*To discover more about open data and content, use these resources:*

- *What is open data and how does it relate to open knowledge? Consult our guide*
- *How is “openness” defined in relation to data and content? Read the Open Definition*
- *Have more detailed questions about the Open Data Commons licenses? Our frequently asked questions may provide answers*
- *Use the Licenses Service to get data on more than 100 open source, open data and open content licenses in [JavaScript Object Notation \(JSON\)](#) and [Application Programming Interface \(API\)](#) friendly form*

*Open Data Commons is maintained by the Open Knowledge Foundation. If you have any questions, join our discussion forum or email [info@okfn.org](mailto:info@okfn.org) to contact our team.*
