

ISO/IEC 7816-13 Identification cards — Integrated circuit cards — Part 13: Commands for application management in a multi-application environment

[return to the ISO Standards](#)

Table 1: Data sheet for Identification cards — Integrated circuit cards — Part 13: Commands for application management in a multi-application environment

Title	Identification cards — Integrated circuit cards — Part 13: Commands for application management in a multi-application environment
Acronym	
Version	1999
Document Number	7816-13
Release Date	1999
Reference	https://www.iso.org/obp/ui/#iso:std:iso-iec:7816:-13:ed-1:v1:en

Note: The following is an excerpt from the official ISO catalog. It is provided here as a convenience and is not authoritative. Refer to the original document as the authoritative reference.

Scope

This part of ISO/IEC 7816 specifies commands for application management in a multi-application environment. These commands cover the entire life cycle of applications in a multi-application integrated circuit card, and the commands can be used before and after the card is issued to the cardholder. This part of ISO/IEC 7816 does not cover the implementation within the card and/or the outside world.
