

International Organization for Standardization (ISO)

[return to the Technical Standards area](#)

Create a New Page for ISO/IEC **Number** → You are not allowed to add pages

ISO is an independent, non-governmental international organization with a membership of 164 national standards bodies.

Through its members, it brings together experts to share knowledge and develop voluntary, consensus-based, market relevant International Standards that support innovation and provide solutions to global challenges. [All about ISO](#)
