

User Scenario: Aerospace

[Return to User Scenarios](#)

- NOTE: Replace all Dark Blue text on this Page with text that is specific to this user Scenario and remove this NOTE!

Overview

[Return to Top](#)

The **Aerospace** is a User Defined scenario. The User Scenarios does not have the level of detail of a use case, but is intended to capture a simplified workflow.

[Provide a one or two sentence description of the User Scenario.](#)

The following list covers some legal or other governing documents for this Aerospace:

- [Provide a list and/or reference here](#)

Problem Statement

[Return to Top](#)

[Provide a problem statement as story.](#)

Existing Aerospace Flow

[Return to Top](#)

The existing **Aerospace** work flow is

Activities

[Return to Top](#)

The following are a list of the activities associated with the **Aerospace** workflow:

1. [Provide a series of activities associate with the workflow](#)

[Provide a workflow diagram for Aerospace](#)

Figure 1: The existing workflow for Aerospace

Issues

[Return to Top](#)

The following issues are associated with the existing Aerospace workflow:

1. [Provide a list of issues associated with the existing Aerospace workflow](#)

Theoretical Flow using DIDO

[Return to Top](#)

Activities

[Return to Top](#) The following are a list of the activities associated with a theoretical DIDO Aerospace workflow:

1. [Provide a series of activities associate with the workflow](#)

[Provide a workflow diagram for theoretical Aerospace](#)

Figure 2: The theoretical workflow for Aerospace

Issues

[Return to Top](#)

The following issues are associated with the theoretical DIDO Aerospace workflow:

1. [Provide a list of issues associated with the theoretical DIDO Aerospace workflow](#)
