Scope

Introduction

The Business Rules Group (BRG) developed the Business Motivation Model and published Version 1.0 on the BRG web site (www.businessrulesgroup.org) in November 2000. The latest version of BRG/BMM, version 1.3, was published in September 2007.

The Business Motivation Model provides a scheme or structure for developing, communicating, and managing business plans in an organized manner. Specifically, the Business Motivation Model does all of the following:

- *Identifies factors that motivate the establishment of business plans*
- *Identifies and defines the elements of business plans*
- *Indicates how all these factors and elements inter-relate*

Among these elements are those that provide governance for and guidance to the business — Business Policies and Business Rules.

The structure of the BMM provides the basis for the logical design of easily-constructed tools for storing, cross-referencing, and reporting the elements of business plans for business enterprises.
