## Build a Better Civic Future: Lead the Change with Knowledge Services Reference Architecture (RA)

for

Cryptocurrencies, Blockchains, Distributed Ledgers and Tangles

Version 2.0

June 202

Heather D. Crondahl

**enterprise ARCHITECTCIVIC ENTREPRENEUR** Data and Digital Asset Management for Civic Good

---

### Abstract

*This white paper discusses opportunities for organizational change that will support federal, state, local, tribal, and territorial governments in achieving enterprise-wide cost savings, improved government efficiency, economic development, and civic engagement through the development of knowledge services.*

## PDFs

The following are provided for those readers who would like to download a printable albeit **static** copy of this RA, current as of the month/date shown.

- [DIDO-RA 2.0 PDF \(June 2020\)](#)
- [DIDO Data Model \(DIDO-DM\) 1.0 PDF \(June 2020\)](#)
- [DIDO-RA 3.0 PDF \(Slim Version - June 2021\)](#)

This is a “slimmed down” version of the RA: it does not include the full content of Appendices A through F. For Appendices A and C to F, just the first pages; for Appendix B, these three pages: “Appendix B”, “Technical Standards Bodies”, and “de facto Standards Bodies”. Any links to entries in these six Appendices will direct the reader back to the DIDO Wiki.

- [DIDO-RA 3.0 PDF \(Compact Version - June 2021\)](#)

This version is much larger but still not the whole. It contains a truncated version of Appendix B, i.e., three pages only: “Appendix B”, “Technical Standards Bodies”, and “de facto Standards Bodies”. Any links to pages in Appendix B *other than these three pages* will direct the reader back to the DIDO Wiki.
