Build a Better Civic Future:

Lead the Change with Knowledge Services

Data and Digital Asset Management for Civic Good

Version 2.0

June 202

Heather D. Crondahl

Enterprise Architect Enterpreneur

Abstract

This white paper discusses opportunities for organizational change that will support federal, state, local, tribal, and territorial governments in achieving enterprise-wide cost savings, improved government efficiency, economic development, and civic engagement through the development of knowledge services.

Book Contents

- Front Matter
- 1.0 Introduction
- 2.0 Topics

PDFs

The following are provided for those readers who would like to download a printable albeit **static** copy of this RA, current as of the month/date shown.

- DIDO-RA 2.0 PDF (June 2020)
- DIDO Data Model (DIDO-DM) 1.0 PDF (June 2020)
- DIDO-RA 3.0 PDF (Slim Version - June 2021)

This is a “slimmed down” version of the RA: it does not include the full content of Appendices A through F. For Appendices A and C to F, just the first pages; for Appendix B, these three pages: “Appendix B”, “Technical Standards Bodies”, and “de facto Standards Bodies”. Any links to entries in these six Appendices will direct the reader back to the DIDO Wiki.

- DIDO-RA 3.0 PDF (Compact Version - June 2021)
  This version is much larger but still not the whole. It contains a truncated version of Appendix B, i.e., three pages only: “Appendix B”, “Technical Standards Bodies”, and “de facto Standards Bodies”. Any links to pages in Appendix B *other than these three pages* will direct the reader back to the DIDO Wiki.
